Fioretto
sweet stick cauliflower

TOKITA
Since 1917

Fioretto 'white'

An edible bouquet with long, tender stems and delicately sweet florets
This bright and balanced long stem cauliflower is sweeter than a standard one.

These long stems create a unique appearance compared to other cauliflowers, and also offer additional culinary delight. Fioretto requires minimal preparation and can be enjoyed raw, steamed, grilled, stir-fried or roasted for a fresh and satisfying side dish.

Varieties available:

Fioretto 70
Fioretto 75
Fioretto 85
